Innovative Sliding Sash Window – Performances never seen before

Due to ground breaking hardware developed and patented by *Vrogum*, the sliding sash window is now as efficient as a casement window. It complies with all requirements for heat insulation and sound reduction as well as being draught and theft proof, and all without compromising the look of a traditional box sash window.

- ◆ Comply with Part L 2006: Building Regulations (Conservation of fuel and power)
- ◆ Extremely wind and water tight, one of the tightest on the market
- ◆ Watertight up to **750 PA**
(Class 750 as per prEN12208 equiv. to BS 6375)
- ◆ 100% draught proof; Rated Class 4 when tested for Air permeability up to **1600 PA** (prEN 12207)
- ◆ Tested for up to **39DB** sound reduction (according to EN ISO 717-1:1996)
- ◆ Standard with Super Low E glass with Argon Gas **U-value 1.2**
- ◆ High Quality Torso spring balances
- ◆ Operated by lockable window handle
- ◆ Safe and easy window cleaning from inside, bottom tilt
- ◆ Locked night ventilation position and/or trickle vents
- ◆ Internal glazing beads, with a putty rabbet look on the outside
- ◆ 22 mm simulated glazing bars, with putty rabbet look
- ◆ Horns
- ◆ High security due to concealed espagnolette locking and internal glazing beads
- ◆ Fully drained sash and glazing system

Any size, design and colour
